Any child entering Reston Montessori School first meets with a teacher or an administrator. The child will be assessed by a teacher or an administrative staff member to determine successful placement. Recommendations will be turned into the Director within a week of the assessment and will be reviewed by the Enrollment Committee. Parents will then be notified with a decision as to their child’s acceptance. A successful assessment does not guarantee class placement. Parents will be notified if their child is waitlisted due to full classes. In general, the class placement list is made up in the order in which applications and registration fees are received and at the discretion of the Administrator. Students are accepted on a tentative basis, pending a determination of suitability of the program for the child and the ability to adjust to the group environment.

Reston Montessori School is a private school dedicated to academic excellence in early childhood education. It is not a daycare center. Before and After care is provided as an additional service of the school, not as its primary function.

Reston Montessori School admits students of any race, religion, color and national or ethnic origin.
